Sir

I have received, I hasten
to answer, your letter of the 12th
inst., relative to the measures
you are contemplating to put in
good train your cattle transactions
at the Falkland islands; & I
cannot hesitate to repeat now what
I said in a former letter, that though
it is not in my power to speak
positively as to the existence of any
difficulties in the way of your landing

horses
Thus as much cattle as you may think
it advisable to send; yet, so far as
probabilities go, I cannot anticipate
any opposition whatever on the side
of my Gov^t. At the same time, this
is only my private opinion, & must be
taken for no more than it is worth.

I am, Sir,

Your respectful humble Serv^t

Samuel H. Smith,

To Lewis Hancock
Esq
